

Issuer Processor Services

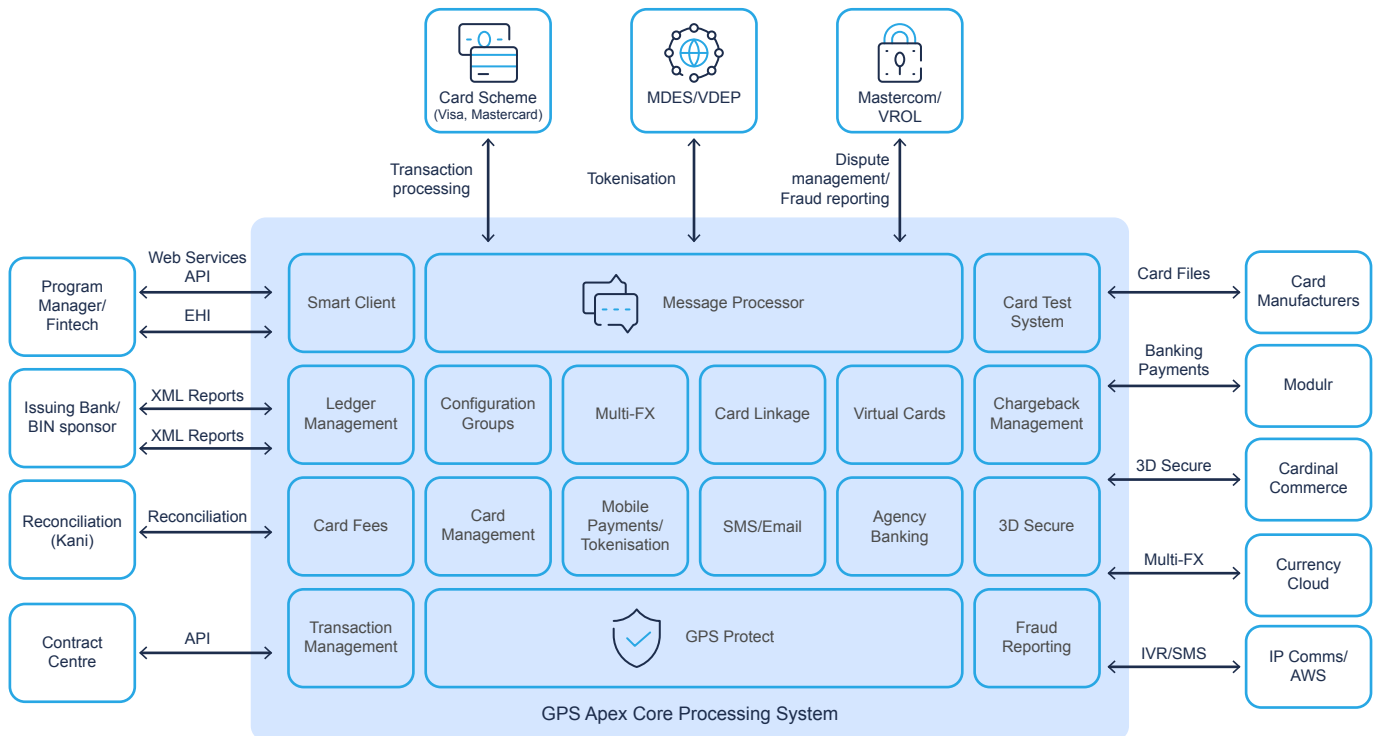

Powering innovation in the delivery of payment services— the business case for migration

As a global leader, GPS processes 2.6bn transactions per year. We are the processor of choice, enabling banks, fintechs and other businesses to launch and manage innovative card and wallet propositions.

Certified by Visa and Mastercard to process and manage any credit, debit or prepaid card transactions from anywhere in the world. We're proud to be the partner of choice for many of today's fintech challengers and technology leaders who utilise our Issuer Processor Services to navigate the complexities, regulatory compliance, licensing, commercial agreements, infrastructure and connections of payments processing.

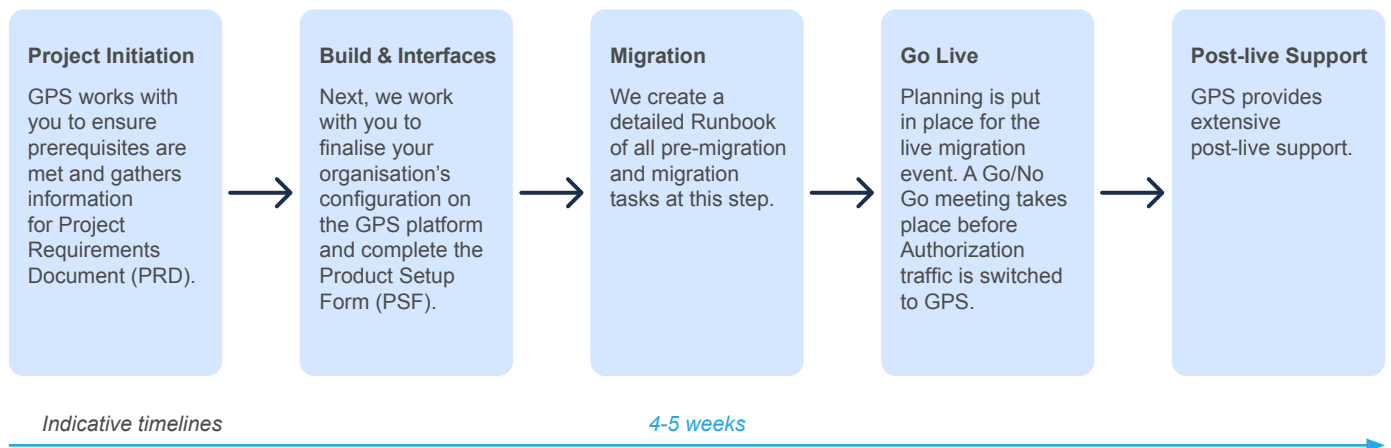

How it Works

An example of our flexible architecture and how it enables the implementation of the products/services you need:

Migration At-A-Glance

Here's a high-level view of the migration process. GPS has considerable expertise in seamlessly migrating programmes from other issuer processors.

Seamless, Successful Migration

Here we have highlighted why a migration to our GPS Issuer Processor Services would benefit you and your team.
